# Global Cash Forum

## Forum Agenda

The Forum is a Movement event and will involve a series of Regional Sessions and one High-Level Global Dialogue event open to all Movement partners.

The Spotlight Session will focus on learning from Türk Kızılay Emergency Social Safety Net (ESSN) Programme which provides cash assistance to more than 1.6 million refugees living in Turkey through a partnership between the IFRC, Türk Kızılay and with funding from the European Union.

The event will take place as a virtual forum. Translation services will be available for some sessions (Arabic, English, French, Spanish, Russian). Participants are encouraged to attend both their Regional Sessions and the Global Dialogue, and choose any of the other Sessions of interest.
