Information dissemination - websites

- Maintenance of :
 - Cash and WASH TWG website <https://sites.google.com/view/twgcashandwash/>
 - Cash hub website <https://cash-hub.org/resources/cash-and-wash/>
 - WASH&CVA page on IFRCs watsanmissionassistant.org
- Analysis of website usage so far: limited use of material, traffic peaks coinciding with Webinars → Repeated webinars for effective dissemination of produced material

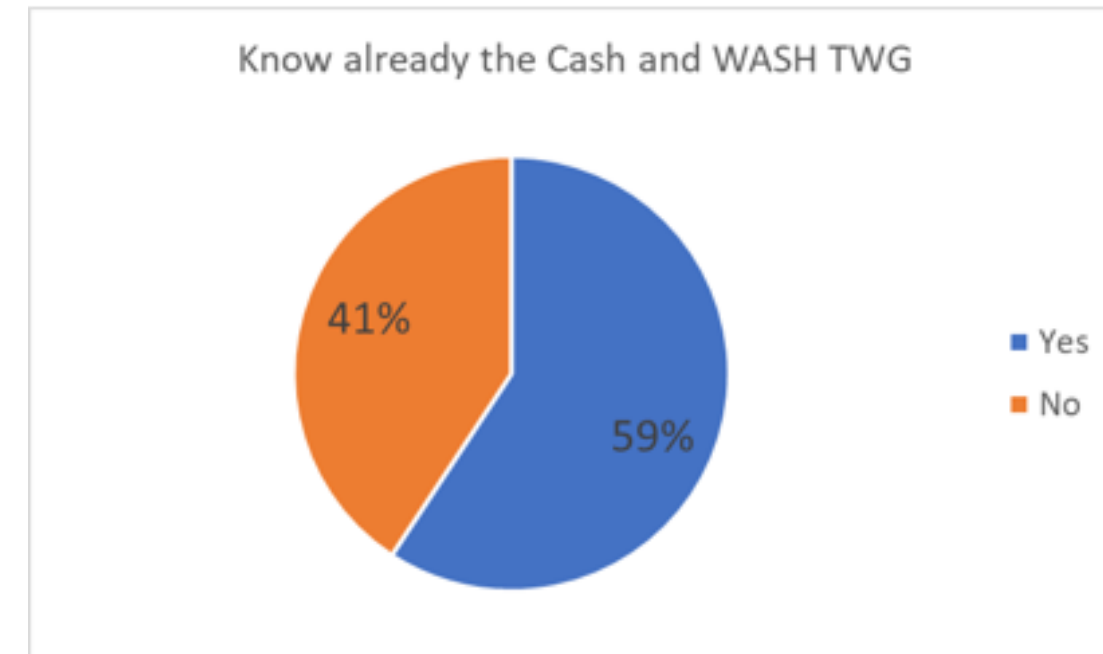

Information dissemination - webinar

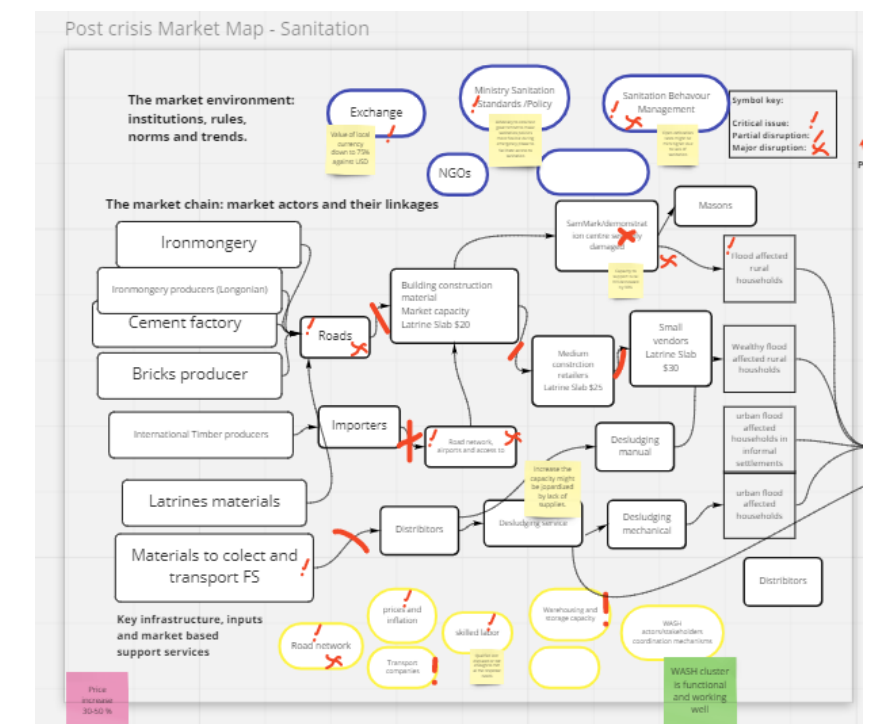

• Cash and WASH webinars

- 3 General TWG webinars in different languages/ time zones in March 2022 with presentation of the roadmap for 2022-2024
 - English/ Arabic / French / Spanish)
 - in total 90 participants
 - 41% had no prior exposure to the TWG
- Technical Webinar focusing on Experience of CVA for WASH in South Asia in November 2022
 - Contributions from Bangladesh & Nepal
 - 40 participants

Training

- In December '22, second facilitation of the RCRCM **Market Based Programming for WASH e-Course**. It was a mix of eLearning and facilitated sessions.
- The **learning objectives** of this course included a demonstrated technical knowledge on the main modalities to deliver CASH to support WASH outcomes, the key concepts of market assessment and mapping for WASH activities, and the 2021 Global Wash Cluster Market Based Programming in WASH: Technical Guidance for Practitioner.
- 16 participants completed the course and obtained the certificate.
- Due to high demand, replication planned in Q1 2023.
- The course is based on IFRC WASH competency framework level 1 and it introduce the key concepts of CVA and Market Based Programming for WASH outcomes.
- There were 4 scenarios and during the facilitated sessions participants worked in teams to practically applying the concepts learned on **CVA** and **MBP**.

Outlook 2023

- Webinars to disseminate finished case studies
- Development of 5 new case studies
- External dissemination in conferences
- Supporting MBP integration in ongoing/ new WASH programs
- Joint fundraising
- Increase of membership & Physical TWG meeting to foster sense of community
- Better knowledge managing and access to resources for RCRC
- New round of online MBP-WASH trainings + support to face-to-face trainings

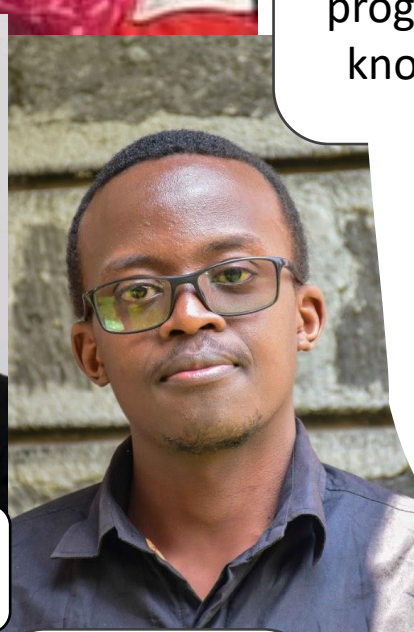

Some messages from the Cash& WASH TWG members

"The TWG organizes webinars at least 2x a year about various aspects of market-based WASH programming. In case you are interested in specific topics, please let us know!"

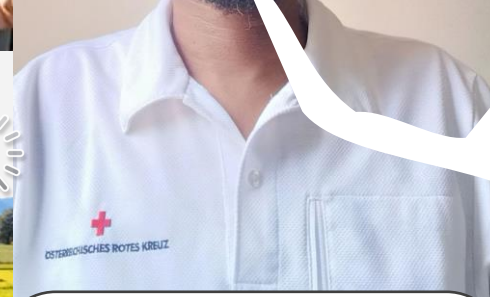

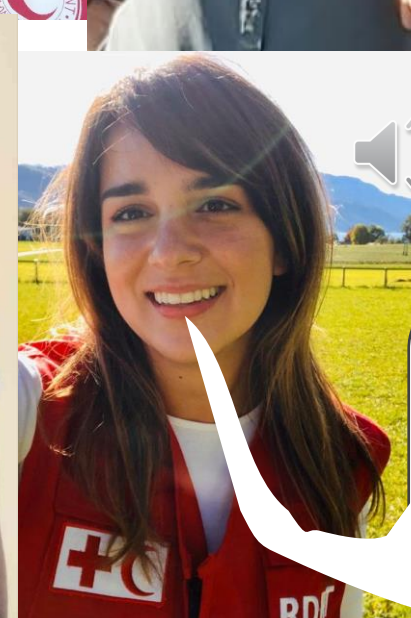

"We want to raise RCM WASH practitioners WASH and Markets competencies by regular technical trainings. If you are interested in participating, make sure to look out for our next trainings opportunities!"

THANK YOU !

"In case you want to pilot market-based WASH program elements, we can support you. Get in touch with us!"

"You want to develop your market-based WASH capacities? Join the TWG!"

"Your National Society is already implementing market-based WASH programs? Please share your experiences with us so we can document and disseminate it widely!"

"Have a look at best practice and evidence on the use of CVA and MBP for WASH outcomes both within and beyond the RC/RC movement. You can find a list [here](#) !"
